Global Peace Mission (GPM) Malaysia

EXECUTIVE SUMMARY

“Humanitarian Mission Across Border”

ABOUT US

Global Peace Mission (GPM) Malaysia is a Trust Foundation which is incorporated under the Trustee Act (Incorporation) 1952, Legal Affairs Division (BHEUU), Prime Minister Office (PMO) of Malaysia. It was established on 26th September 2001 as a response to the emergency needs for Afghanistan conflict. When Afghanistan was in dire needs of support in early October of the same year, GPM had mobilized a humanitarian and medical aid mission to help the victims of war.

Since then, aside from actively providing emergency assistance, GPM has been providing other humanitarian aid not only to Afghanistan but to nearly 30 countries in need worldwide. GPM has been actively involved in promoting the importance of fostering and maintaining universal peace through awareness programs and information for the community as well as raising funds to assist victims of war and natural disasters such as floods, earthquakes, famine, and tsunami.

PROGRAMS AND ACTIVITIES

Name of activities: Sunathon

Location: ABIM Headquarter

Date: 21 September 2024

Description

A Grant Circumcision Day for Refugees is an event organized to provide free circumcision services to refugee children or individuals who may not have access to such healthcare due to their displacement, financial constraints, or lack of resources in refugee camps or host communities.

Circumcision is a common practice in many cultures and religions, and for some, it is an important part of their faith or cultural tradition. In this context, the event would aim to address the needs of refugee populations, particularly those who may face barriers to healthcare due to their status or living conditions. Typically, these events are organized by humanitarian organizations, healthcare providers, or community groups in partnership with local governments or international agencies. They may involve a team of doctors, medical professionals, and volunteers who donate their time and resources to carry out the procedures in a safe and hygienic manner. The event might also include education about hygiene, health benefits, and aftercare to ensure the well-being of those undergoing the procedure.

The primary goal of such an event would be to offer support to vulnerable refugee communities, promote health and well-being, and provide a sense of dignity and care to people who may have been affected by displacement or lack of healthcare access.
